

Math Standards

Math Standards	Shape Pictures	Counting	Number Representation	Rote Counting	Sort and Graph	Adding and Subtracting	Measurement
Identify numbers		x	x				
Compare quantities		x			x		
Count using one to one correspondence, and identify how many		x	x		x		
Connect numbers to the quantities they represent		x	x			x	x
Sequence using numbers, events, and ordinals		x		x			
Recite (rote count) numbers in order				x			
Solve simple addition problems						x	
Solve simple subtraction problems						x	
Compare and describe size, length, capacity, and weight relationships	x						x
Sort objects into groups, and give the "rule" for belonging in each group					x		
Identify basic shapes	x						

Describe some attributes of basic shapes	x						
Demonstrate understanding of and correctly use direction, location, and position words.	x						
Represent data using objects, pictures, and graphs					x		
Analyze graphs and other visual representations of data					x		
Make reasonable estimates and predictions							x
Explain solving or reasoning process used in problem solving.		x			x	x	
Measure using nonstandard units.							x
Identify basic colors	x
