Formative Assessment #3

**Content Standard:** Students will provide one or more concrete cultural examples from francophone and American cultures comparing cultures.

Directions: Part of completing the cultural comparison task requires the speaker to give at least one concrete cultural example from each of the cultures in support of the topic. These examples must not rely on cultural stereotypes or over-generalizations of the culture. As part of your preparation for this task, please consider the following topics and provide one example of how each culture might relate to the topic. **You may write your examples in English.** As a class tomorrow, we will build a set of cultural information together for each of these topics.
