Discuss the criteria for the two Reporting projects

Current Events multiple choice quiz

Task title: Dissect a script

**Standard:** Summarize key points of news articles/stories
Properly log tapes and identify key package elements

**Task:**
Choose a story from the wire copy (the unabridged version of the story written by the Associated Press)
Have the students summarize what is the lead of the story, in other words, why should a viewer care about this particular story and how can you hook them into watching?

Have them highlight key points in the wire copy they thought would be crucial to include in their final script and explain why they are key points and important to include in the script they will be writing.

RUBRIC: Total______/4 points
