3. Shows careful and insightful analysis of the documents.

4. Analyzes documents in additional ways — additional groupings or other.

5. Consistently and actively work toward group goals.

6. Is sensitive to the feelings and learning needs of your partner

7. Willingly accepts and fulfill individual role within the partnership

8. Consistently and actively contributes knowledge, opinions, and skills.

9. Values the knowledge, opinion and skills of partner and encourages their contribution.

**General Task Description:**

Students will be required to construct their own 10-14 Document Based Question.

Students are to use appropriate content. The following information must be provided

*Bibliography,*

*Glossary,*

*Time line of the event,*

*List of Key Figures*

*Web-links used in the construction of this DBQ.*

Students are also to provide **rubric** for the grading on essays that would be used in answering this question. All presentation will be done using Power Point software. Dates of presentation will be assigned by next Wednesday. A rubric will handed out so as to offer guidelines and later used for peer grading. The teacher will use the same rubric for each presentation. Each group will have approx 2 weeks in the Computer Lab and Library to complete task.
**Rubric:** Teacher rubric for Research Activity. A slight modification maybe used when students are grading the projects. Depends on the appropriate level of students.
