

ECOLOGY CONCEPT MAP

TASK #12

STANDARDS: 2, 4, 5, 8, 11, 14, 17, 18,

TASK: Students will work in groups of 4 to organize the important concepts covered in the ecology unit. They will generate a concept map similar to the example done in class illustrating the connections they have drawn throughout the unit.

CRITERIA: The elements of good performance on this activity will be assessed with the included rubric.
