

## TASK 5: Find the Volume of the Cereal Box

\*\*\*\*use **cm** for all of your measuring and calculations\*\*\*\*

**Directions:** Use the measurements from task 3 when you had to find the surface area of your figure. Be careful what variables you use for your formula.

1) Re-write your measurements

h = \_\_\_\_\_

B = \_\_\_\_\_

2) Use the formula  $V = Bh$  to calculate the volume of your cereal box.
