

TASK 7: Total Cost of your Cereal Box

Directions: Identify prices you calculated from earlier tasks.

1) From Task 4: cost of material you chose _____

2) From Task 6: cost to fill your cereal box _____

3) Calculate the total cost to produce your box of cereal.

Total Cost = _____

4) Given the total cost of your product, decide on a price to sell your cereal box that you think is reasonable. Considering that price, do you think people would buy your cereal? Explain your reasoning.
