

Individual or Group Evaluation

Each member of the group is responsible for their own learning but the main function of the group is to help each other learn. If you can work as a group to understand material, be willing to ask for help when you need it as well as teach others what you know you will come away from this class with a much greater set of skills than you came in with. This will also vastly improve the grade you would have obtained without the group.

On the back of this sheet you will find the rubric that you will be using to evaluate yourself. After you are done evaluating your own performance within the group, evaluate your fellow group members below using the same rubric you used for yourself
