Community Research Planning
Due Date TBD

What do you hope to do with your community research? Do you want to physically help people affected by your topic? Or do you want to learn about the topic from them? Or both?

How will you accomplish this goal? Who will you contact? What will you do?

When and where are you going to complete your community research?

Please obtain a signature from the person you will be working with for your community involvement.

I, _______________________________(community member) confirm that ____________________________(sophomore) has completed two hours of community involvement related to ____________________________ (project topic).
