Why is there Conflict in the Rain Forest?

PowerPoint Presentation Task

Your task is to create a PowerPoint presentation for the class to answer the question: Why is there conflict in the rain forest?

After researching the rain forest, the endangered animals of the rain forest, the people wanting to change the rain forest, the reasons why society wants to change the rain forest, the ways society is changing the rain forest, the needs of the people changing the rain forest and the needs of the animals living in the rain forest, you will create a PowerPoint presentation to explain your findings to the class.

Each student will create at least eleven slides, which fulfill the requirements of the rubric, which is on the back of this task.
