Task #6

Animal Poster

This task involves making an animal poster, showing pictures of and giving information about animals that are native to each student's home country. Students will be expected to use pictures from sources such as books and the internet to illustrate their animal poster. The poster should contain information (written by student) about their animal's habitat, food, description (does it have fur, claws, fins, wings, etc.), and whether or not it is endangered.

Standards:
  
  Content:
  • Use proper sentence structure.
  • Communicate ideas in writing.
  • Create visual media.

Criteria:
• Poster should be colorful, informative, and show student creativity.
• Poster should visually represent student's country.
• Students should be able to complete poster, following teacher's oral directions.
• Construct complete sentences.
